STATEMENT

On January 4, 1944 I was flying as #4 man in a flight which was led by Major Montgomery and with F/O Higgenbothem as #2 man and Lt. Gilbertson as #5 man. I neard F/O Higgenbothem say something over the radio. He was speaking too loud as reception was blurred but I did hear him say his own name and call Montgomery. The rest I could not understand. His ship continued along in same relative position. About this time bounce was made on e/a flying below. As group made turn I lost sight of F/O Higgenbothem on my left. When group came out of turn Higgenbothem's ship was not in sight. This occurred while group was call AT R/V at Riel.
